#### Secretary Carlisle's Future.

Secretary Carlisle's numerous friends, who have been very busy of late endeavoring to dispose of his future after the fith of March, have now discovered that there is a probability of his appointment by President Cleveland to a place on the beach of the Supreme Court of the United States. In order to make room for Mr.

there is a probability of his appointment by President Cleveland to a place on the bench of the Supteme Court of the United States. In order to make room for Mr. Carnisis it has been necessary to provide for the retirement of Justice Feld, and the statement is now renewed that his advanced age and physical condition are such that he cannot remain upon the bench much longer.

Justice Fleid celebrated his eightieth birthday a few days ago, but he resents any imputation that he is breaking down physically, and regards himself as good for several years of hard labor yet. He has been eligible for retirement at any time during the past ten years, but it is thought that his unfriendliness to President Cleveland and his unwillingness to have a Cleveland Democrat appointed in his place have caused him to abandon any intentions he might have had of retiring. Kentucky men in Washington who thoroughly understand the political situation in the State say there is not the slightest chance of Mr. Carlisle's election as Senator, and they quote the Secretary as saving that he desires to retire altogether from public life.

There are several desirable vacancies at the disposal of President Cleveland at present, the most important being that of Chief Justice of the Court of Claims, a life-torure office, made vacant by the recent death of Judge William A. Richardson. There is a host of applicants for all the vacancies, and the President is undoubtedly reserving them for the purpose of rewarding faithful personal and party friends before he retires to private life for more!—Washington correspondent New York Sun.

WINGS OF THE NATIONAL BOARD OF ARBITRATION CLIPPED,

The League Pledges Its Support to the New York Club in Figuting the Suits of Rusie-Other Business,

CHICAGO, ILL., Nov. 13.-By a vote of seven to five, Louisville and Washington voting with the "Big Five" minority faction, the National League of Base-bail Clubs, at its concluding session this afternoon, decided to clip the wings of the National Board of Arbitration by striking out that part of section 34 of the national agreement, which provided that an amendment could be made by unanimous consent of the board. Now the League is the only authority competent to enange the national agree-

ment. 'ims apparent change of factional strength was made by the Bruan ma-jorny of seven, in the interests of harmony, and to snow the minority faction that the magnatimous victors and not want to arrogate to the Architation board, which they control, the architary powers which the "Big Five" are creditof with scheming for until Louisvine turned the tables. The "Dig Five," beturned the tables. The "Dig Five," being outvoted in the Arbitration locard, were whing to settle now, instead of at the spring meeting, the question of power to touch the national safetiment, so the seven voted to strike out. Both sides professed to be salissed with the action taken, and there was more friendings displayed than at any time since League met.

The Rusie suits against the New York elub formed a subject for much talk at the meeting and in the tooby Mr. Freedman suits as man said a resolution was adopted by a vote of eight to tour, Baltimore, Wash inston, and Louisvine voting with the "Big Five," and pledging the support of the league to the New York club in the matter. Sherman, the Chi-cago club's lawyer, has been retained by the New York club here to defend the Rusle suits, and that Colonel Rogers would appear at the trials to attend to the base-ball end. This action was re-ported to the league, and Mr. Freedmar made a few warm remarks, alleging that certain members had instigated Rusle to bring the suits

Mr. Wagner, of Washington, moved to reconsider the vote taken yesterday in refusing to reinstate the last section of the national agreement. TEBEAU SUIT.

The president was directed to notify the attorneys for the League, who have been defending the suit brought in Cleveland by Oliver Tebeau, of that Club, who was fined \$200 last June, to discontinue any further defence and to pay proper costs. This action was taken because the Court of Common Pleas had decided the imposition of the fine was contrary the imposition of the fine was contrary to the League constitution. The fine was apparently imposed by the directors of the Lengue, but in reality the resolu-tion of the Board was in the form of a suggestion to the president of the League to impose the fine under authority of section 22.

MOBILE, ALA. November 12.—The expansion of business at Mobile is well illustrated in the centinued increase in foreign exports of the port.

The exports for the first four months of the fiscal year 1895-97 exceed the total for the same four months of the year previous by 52 per cent, the totals being \$2,477,000 and \$1,622,000. The increase is general. Wheat, for the first time, appears in the export list in October, 65,000 bushels going to Germany and 50,000 to England. The corn exports for four months were 1,515,000 bushels, compared with 151,000 bushels last year. The cotton exports were \$1,080,000 and \$95,000, respectively, and the lumber exports were \$2.5,000 and \$355,000, both articles showing a flattering increase. lattering increase.

chitects and Marine Engineers Dinner.

NEW YORK, November 13,-The annual dinner of the Society of Naval Architects and Marine Engineers was held tonight at Delmonico's.

President Clement A. Griscom presided at the dinner, and covers were laid for at the dinner, and covers were laid to the dinner, and covers were laid to the guests. The banquet room was beautifully decerated with the Stars and Stripes, and orchestral music selections of popular patriotic airs entertained the company until after 12 o'clock.

The guest of the evening was Secretary of the Navy H. A. Herbert, who spoke to the Navy H. A. Herbert, who spoke to the toast of the "Navy of the United States."

In the course of his remarks, Secretary passed away forever,"

In the course of his remarks, Secretary Herbert said:

"It is peculiarly appropriate that the naval architects and marine engineers of the United States and their guests should unite this evening in a toast to our navy.

"The American ship-builder is entitled to a larg share in whatever glory that navy has achieved in the past, and I think I am in position also to say he is performing his full duty to it now, and that he may be trusted in the future. A \$60,000 Blaze in Ch cago... Big Fires in

Ontario and Michigan-Other Losses CHICAGO, Nov. 13 .- At 4 o'clock this morning fire started in the Board of Education warehouse, adjoining the Chicago Manual Training School, which was de-stroyed by fire last night. The fire had been smouldering in the warehouse at night, but was not discovered until shortly before 4 o'clock. The flames spread rapidly, and when they reached that portion of the building in which several barreis of oil were stored an explosion took place. Pieces of bricks and wood were thrown in all directions, and the janitor barely escaped from the building. The warehouse and contents were a total loss, amounting to \$40,000.

EAY CITY MICH. Nov. 12—Early the

amounting to \$60,000.

EAY CITY, MICH., Nov. 12.—Early this morning the entire fire department of West Bay City was called out to the Cincinnant Saw-Mill. This concern and the Salshery Brewery, owned by Knoblauch & Son. were destroyed, causing a loss of \$10,000 on the mill and \$20,000 on the brewery, both of which are insured.

Burmese bumanity to animals goes so far as to provide bufialoes kept in statles with mosquito netting. The mosquitos are as arraying to cattle as to human beings, but when left out of doors the bufialo can protect timself by rolling in the mud and letting it cake upon bim.
